Brown & Haley of Tacoma, Washington is taking the precautionary measure of voluntarily recalling certain lots of Mountain Thins "Trail Mix" flavor that may be impacted by sunflower seeds contaminated with *Listeria monocytogenes*, an organism which can cause serious and sometimes fatal infections in young children, frail or elderly people, and others with weakened immune systems. Although healthy individuals may suffer only short-term symptoms such as high fever, severe headache, stiffness, nausea, abdominal pain and diarrhea, listeria infection can cause miscarriages and stillbirths among pregnant women.

No illnesses have been reported to date. No other types, varieties or flavors of Brown & Haley or Mountain products are impacted by this recall. Brown & Haley is committed to the health and wellness of each and every consumer, and is taking this action in an abundance of caution.

Brown & Haley was notified by our supplier of sunflower seeds of the possibility that some sunflower seeds provided to Brown & Haley may be contaminated with *Listeria monocytogenes*.

Mountain Thins "Trail Mix" flavor was distributed to select retail stores nationwide. Lots being recalled were distributed between March 7, 2016 and April 25, 2016, and are listed below.
