Jackson, MI - Dawn Food Products is voluntarily recalling limited quantities of bakery mix products manufactured for Dawn by a third party and affected by a recall from Valley Milk Products of milk powder due to the possible presence of *Salmonella*.

Salmonella is an organism that can cause serious and sometimes fatal infections in young children, frail or elderly people, and others with weakened immune systems. Healthy persons infected with *Salmonella* often experience fever, diarrhea (which can be bloody), nausea, vomiting and abdominal pain. In rare circumstances, infection with *Salmonella* can result in organisms getting into the bloodstream such as septicemia, arterial infections (i.e., infected aneurysms), endocarditis and arthritis.

As a result, out of an abundance of caution, we are recalling affected items distributed by Dawn Foods, including the following items which could become available at retail locations. A full list of the affected products distributed by Dawn Foods has been provided to our wholesale customers:
