Drew's, LLC of Chester, VT is voluntarily recalling one lot code of Field Day Organic Ranch Dressing due to product mislabeling that has resulted in an undeclared milk and egg allergen. Consumers who have severe allergies to milk and/or egg run the risk of serious or life-threatening allergic reaction if they consume this product.

The recalled product comes in an 8 fl. oz. glass bottle with the lot code W210I, Best By date of Jan. 28, 2018, and UPC #042563600242. The lot code is located on the back of the bottle above the label. Specifically, the front label of the affected product is correctly labeled Field Day Organic Ranch Dressing, 8 fl oz. The issue is some bottles have an incorrect back label such that the contains statement does not list milk and egg as allergens. These bottles can be identified by UPC# 042563600259.

This action is being taken in cooperation with the US FDA. Product has been distributed in retail stores nationwide.

To date, no illnesses related to this product have been reported. No other Field Day products are affected by this recall.

The recall was initiated after Field Day notified Drew's LLC that the incorrect back label was used on lot W210I and had entered trade.

Consumers can return the product to their place of purchase for a full refund.

For more information, please contact Drew's, LLC between 8:30AM-4:30PM EST Monday- Friday at 1-800-228-2980 or email info@chefdrew.com.

*** We believe that none of the products being recalled were processed or offered through the national office.**

* We strongly encourage you to notify your agencies within one business day from receipt of this notice.

* ALL cased and uncased inventories, both at the member level and agency level, need to be checked. This product may have entered member and agency warehouses through salvage, local donations, TEFAP, local purchases, retail pickups, food drives, or other avenues.

* For additional local details, please contact the Health Department(s) for the area(s) your food bank serves.
